Economy: **"Made in Salzburg" in action at the Olympics**

For example, Salzburg opens the Olympic world with digital access systems. The technology of the Salzburg company Axess is used in China, for example in the Austrian embassy in Beijing or in the Olympic venue "Gentian Skiresort Secret Garden".

Snow at the Olympic Games: Herr Holle from Tirol

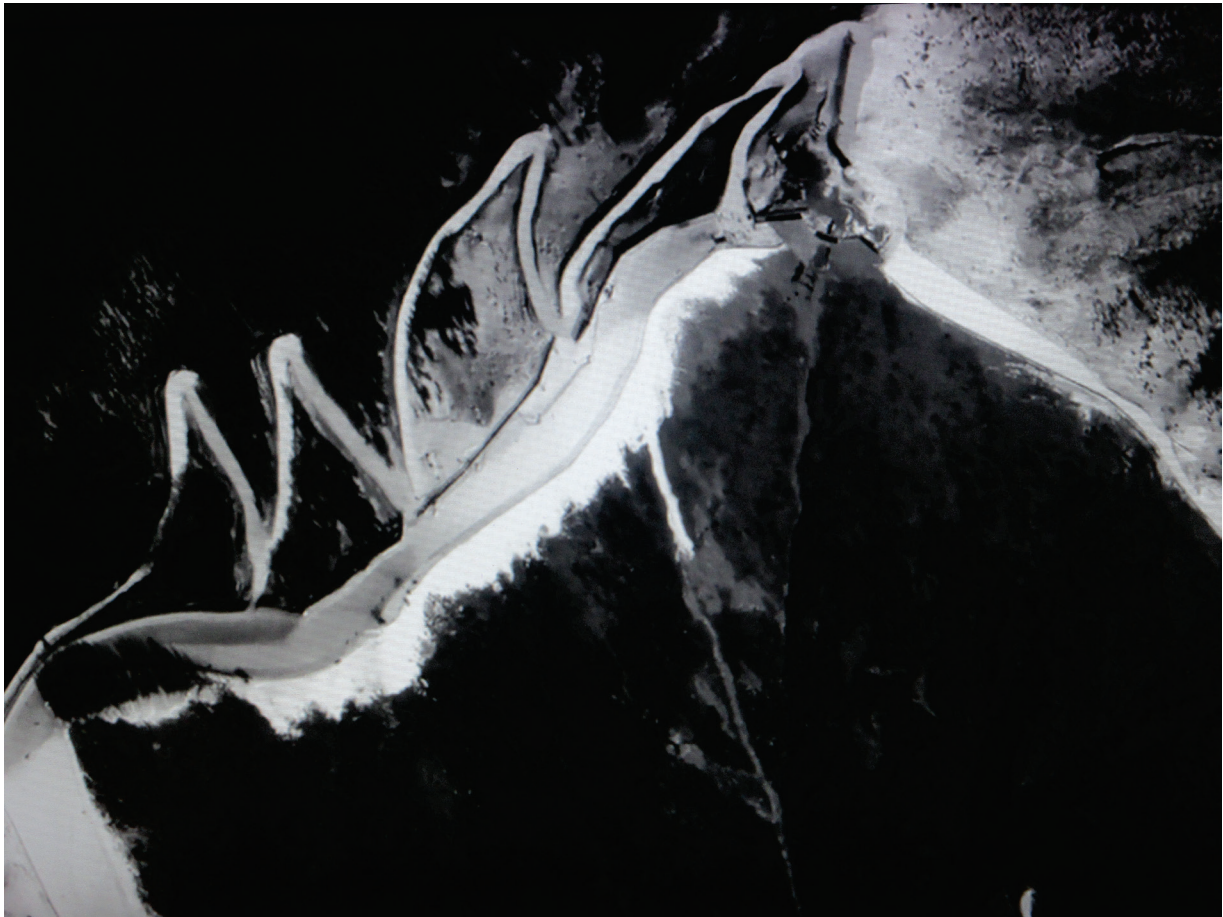

Manuel Schöpf is responsible for the snow at the Olympic Games in Beijing – in one of the driest regions in the world. But he was always the "man for everything".

The man from Salzburg who "exported" the Olympic halfpipe from Austria

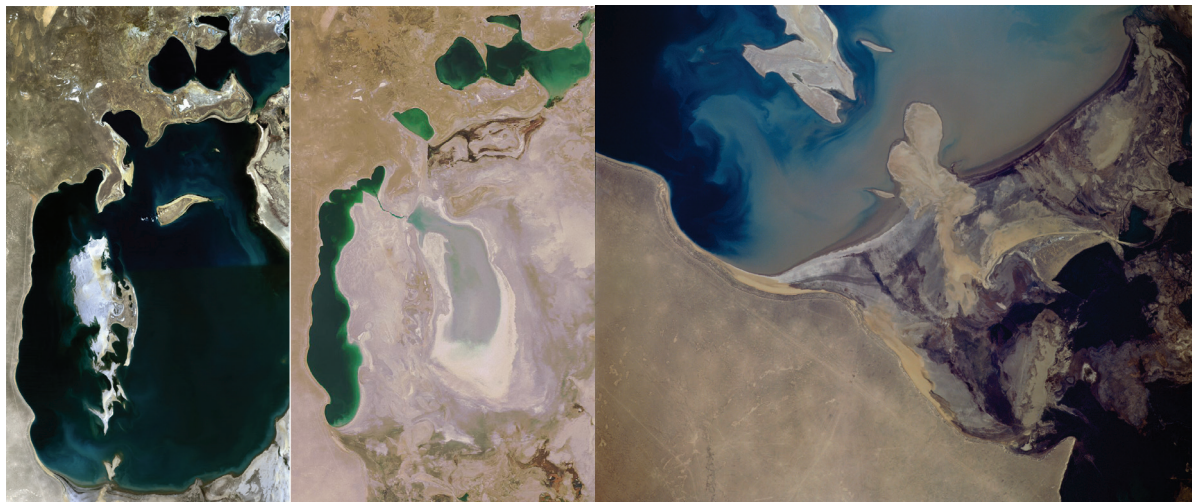

Albert Zehetner is a key worker in Beijing. He's the man who built the Olympic halfpipe into the mountain.

When the Olympic half-pipe snowboarding competition starts on Wednesday night, people are looking Austrian athletes in vain. And yet perhaps the most important thing comes first

Protagonist in this competition from Austria. He is 45 years old and comes from Salzburg.

And without his work, the stars of the scene like Shaun White, Ayumu Hirano and Chloe Kim isn't even fighting for Olympic glory here.
